IF YOU WELL DONE, YOU SHOULD HAVE THE FOLLOWING 100%  
SUCCESS IN THE FOLLOWING COMPARISON TABLE :

Design need match

test

GLOBAL GUIDE

# Global TIPS

LESS THAN MORE !

## Why less slides is better than more slides

- Devoxx France runs on 3 days
- Audience loves live coding and demo
- Too much bullet points is super boring
- More text : less concentration from the audience that will just read your slides
- So this is exactly what you should not do

GLOBAL GUIDE

# About CODE

BIGGER IS YOUR CODE, BETTER IS THE EXPLAIN

## Show me shome code !

Try to keep a font size as big as possible.

Remember also that too much code on one slide is useless. The audience reads this texte and does not listen to your presentation anymore. Try to split on different slides your presentation.

GLOBAL GUIDE

# dark Or light

BIGGER IS YOUR CODE, BETTER IS THE EXPLAIN

## Better dark to show code

You can choose dark mode or light mode presentation. We made the both mask for the slide. The main theme is globaly in dark mode, its better for reading highlighting code. But you can use white background

GLOBAL GUIDE

# Congrats **SPEAKERS**

You can now follow the white rabbit...

Let's start !

# THE GUIDE

GLOBAL GUIDE

+

Happy to  
See you  
Speaker!

THANKS  
FOR WATCHING

A group of soldiers in camouflage uniforms are standing outdoors, possibly on a rooftop or elevated position, looking towards the horizon. The scene is dimly lit, suggesting dusk or night. The soldiers are wearing helmets and carrying equipment. In the foreground, there is a dark, semi-transparent graphic element consisting of a blue horizontal bar with a white diagonal chevron shape on its left side.
